### \*\*Mommy and Me Classes\*\*

TWOG is now offering Mommy and Me classes for moms and babies. These classes involve flipping, rolling, balancing, jumping, running, climbing, sliding, singing or laughing, the fact is; gymnastics is FUN.

Our coaches ensure that classes are fun for their students by being personable, entertaining, and positive.

Although at this age, these young gymnasts' skills are limited, a class at TWOG insures that your child is learning the proper techniques and basic skills that will lead to safe and progressive gymnastics development. Check at front desk for more information. Look at the Bulletin Board in the observation room. They are having a great time.
